I am interested in the following course

- 1200 Hour Comprehensive Medical Master Esthetics *(satisfies requirements for Basic & Master Esthetician licensure in UT)*
- 600/750 Hour Medical Master Esthetics *(valid for transfer or cosmetology students that have at least 600 hours)*
- 50 Hour Advanced Laser & Medical Certification *(for MD's, NP's, APRN's, RN's, PA's, and Licensed Master Estheticians)*

UT licensed Cosmetologists are eligible to enroll in the 750 hour Medical Master Esthetics course. Cosmetologists wishing to enroll must include a copy of their current cosmetology license with their application. Due to the rigorous curriculum covered in the 600 hour Basic Course, all incoming Cosmetologists will complete the Orientation course, as part of their 750 hours. Please be aware that Utah does not recognize out-of-state Cosmetology licenses as hours towards Esthetic licensure. If you are planning to stay in the State of Utah to become licensed and work, you will need to obtain the full esthetic educational hours required by Utah law for either a Basic or Master Esthetician license in the State of Utah. All estheticians licensed in Utah or any other state are eligible to enroll for the Advanced Laser Certification.
